To the Superintendant of the U.S. Mint
Philadelphia.

Dear Sir:

I have desired for a considerable time to obtain two small plates of Gold for a special purpose. I could have a coin passed through rolls if it were the article wanted, But as this is for a purpose of a mystical character, it would not allow of any mixture of any other Metal with it: it must be the pure Gold only. Now whether you will, or can furnish me the desired article, is why I write this to you, and if you can do so, I herewith enclose the size of the two respectively, and the thickness they are to be, and desire to know what the cost would be

They need not be polished

Respectfully Ruben Brown
